Baxa to Sponsor Webinar on the Power of Control for Pharmacy Management

First 2011 program in the monthly webinar series features an expert panel discussing the use of pharmacy software tools to manage and control workflow and quality while supporting patient safety initiatives

Englewood, Colo. – [Baxa Corporation](#), a leading provider of medical devices and systems that automate pharmacy operations and increase patient safety, today announced its sponsorship of a user forum webinar on January 26, 2011. The 1 ½-hour program – *The Power of Control* – was recorded during the 45th American Society of Health-System Pharmacists (ASHP) [Midyear Clinical Meeting](#) and features three health-system professionals sharing real-world experience with the benefits of pharmacy workflow management for patient safety improvements, driving operational efficiency and managing quality control in the pharmacy.

Among the benefits of pharmacy workflow management cited in the program is a 40% improvement in throughput. In the program, Pranish Kantesaria – Director of Pharmacy for Riley Children’s Hospital in Indianapolis – summarizes his experience with the [DoseEdge®](#) Pharmacy Workflow Manager saying, “If you haven’t looked at a system [like DoseEdge], look at a system. Everyone’s patients deserve that.”

Baxa Corporation sponsors free monthly webinars on topics of interest for health-system pharmacies. This first program of 2011 takes place at 1 p.m. ET on Wednesday, January 26th. Visit www.baxa.com/webinars to register for this free event. Future programs include Networked Medical Devices and Cyber Security (February 15, 2011) and Implementation of Dose Management Tools and the Impact on Sterile Product Waste (March 29, 2011). Past programs in the series are available for review and download at the site as well.

The leading provider of pharmacy automation, Baxa Corporation helps health-system pharmacies produce more than 450,000 safe doses each day. To learn more about Baxa and its line of leading IV automation products, including DoseEdge, please visit: <http://www.baxa.com/PharmacyProducts>.
